## Approved For Release 2002/08/11-CA-PDR82-00457R005900540004-8 25X1 2 25X1 the camp area. Lents and makeshift wooden quarters were observed. In many respects the camp resembled a prison camp. It can be reached

In many respects the camp resembled a prison camp. It can be reached from Chemnitz either via Dresdener Strasse and Weisser weg or via Oststrasse and Jeisser Weg. Three companies of recruits held basic drill in the Weisser Weg area. They were 17 to 20 years of age and wore black-bordered crimson epaulets. The instructors to re red-bordered black epaulets. One company of recruits, carrying bath towels, marched from Chemnitz toward the camp on 9 August 1950. About 300 soldiers were observed at combat training in the drill area. 25X1 25X1 omment. the billeting area was still occupied by AMA elements of the unidentified AAA Div, possibly the 6th GGs AAA Div, of the GOFG. 25X1 Comment. The data on the occupation of the installations agree with previous information. 25X1 Comment. The troop camp in Zeisig woods, which is reported for the first time, probably was established for the training of recruits.
